Award Description:

ESAB Group Canada, Inc. established this award to further support students who choose a career in welding/welding technology and the schools who help them achieve their goals by offering welding/welding technology courses as part of their curriculum.

Awards will go to the top 3 schools selected. Selection will be based on a demonstrated interest in welding and welding technology. High school instructors will nominate their school via a 1 page letter describing their programs, the achievements of their students and why they are a deserving candidate for the award.

- **1st Prize Award – ESAB MigMaster 173 Complete Welding Package**

- 230V welding console, comes complete with 10 ft. (3 m) MXL 200 torch, 10 ft. (3 m) primary input cable with plug, 10 ft. (3 m) work cable with clamp, R-33-FM-580 regulator/flowmeter, 5 ft. (1.5 m) gas hose and shelf & chain for gas cylinder and Origo-Tech 9-13 Auto-Darkening Welding Helmet.
- **Retail Value: \$1445.00**

- **2nd Prize Award – PUROX Metal Master GT II Heavy-Duty Deluxe Gas Outfit Package**

- contains 3 cutting tips and 1 heating head. This medium / heavy duty toolbox kit offers patented regulator burnout protection (RBO) and a lifetime warranty. Plus an Origo-Tech 9-13 Auto-Darkening Welding Helmet!
- **Retail Value: \$825.00**

- **3rd Prize Award – Origo-Tech 9-13 Auto-Darkening Welding Helmet**

- Infinitely variable shade level adjustment between 9 and 13 by an external potentiometer. Cartridge is shade 4 when not activated. Extremely reliable – proven ADF filter technology with excellent durability for trouble-free use.
- **Retail Value: \$170.00**

To Apply:

1. Letter – Why Our High School Deserves this Award

A representative from your high school must submit a letter (minimum 1 page) explaining how they satisfy the terms of the award including as much detail as possible and should include the following:

- How does your school inspire students to pursue a career in welding/welding technology
- How will this award help you to further inspire your students to pursue a career in welding/welding technology
- Why/how does your school support students in pursuing a career in welding/welding technology

You may also choose to include photos, student essays, awards & recognition, etc. in your application.

The award recipients will be announced in August and formally recognized at the CWA (Canadian Welding Association) Annual Awards in September 2010.
